## 4-H on Parade – Bigger and Better

Calgary – Even Mother Nature could not keep the enthusiasm level down of the more than 700 4-H members who participated in the 32<sup>nd</sup> annual 4-H on Parade, held May 30 to June 1 at the Calgary Stampede grounds in Calgary.

The event is thought to be the largest of its kind in Canada and third largest in North America and showcased poultry, rabbit and cavy shows, steer and heifer shows, demonstrations of small engine, computer and other lifestyle projects, sheep trimming, showmanship, agility dog trials, horse shows and the ever-popular lip-sync competition. The weekend concluded with sheep and steer sales.

It was a wicked, wild and sometimes wet few days,” gleamed Rob Smith, Calgary Region’s 4-H Specialist, “but with the event now a memory, it is regarded by 4-H members and leaders, volunteers, organizers and sponsors as one of the most successful ever!”

The stats bear out Smith’s statement. The event saw over 80% Calgary Region club participation, over 100 official 4-H volunteers, and over 2000 projects and entries on display. You add all that up and you have an event that was at least 10% bigger than the 2007 edition.

A big thank you goes out to the Calgary Stampede, a vital partner in the production of 4-H on Parade. Without their generosity this event would not enjoy the tremendous achievement it currently does. Calgary Stampede’s Agriculture Manager, Robert Wise added these comments. “I want to take this opportunity to tell you how much I truly enjoy working in partnership with such a professional, knowledgeable and cohesive group of people. I compliment you all on the enormous number of tasks and wide variety of responsibilities that you conduct for 4-H on Parade.”

“Any way you slice it, 2008 4-H on Parade was huge success, so congratulations to all of you for coming out and showcasing 4-H in the city of Calgary,” concluded Smith.

Even though the 2008 edition of 4-H on Parade has only recently concluded, plans are already being made to ensure that 2009 will be even better.
