

2010 Agroforestry and Woodlot Extension Society (AWES) Membership

Mission: AWES exists to increase awareness of the economic, social and environmental values of woodlots and agroforestry in the agricultural landscape. AWES promotes responsible woodlot and agroforestry management by providing support and extension services to landowners, land stewards and others who influence land use practices in Alberta.

Your membership will help:

- Increase the awareness of economic, social and environmental implications of agroforestry and woodlots.
- Increase the land owner and land steward participation in agroforestry and woodlot management
- With integrated community land use planning that acknowledges the values of private forest resources
- AWES members and partners fully engage in the achievement of our vision
- AWES fulfill its mandate with adequate human, program and financial resources.

Your support is appreciated.

Please complete the following & include your e-mail address. If purchasing a corporate membership, up to four individuals from your organization can be included so they also can receive e-Bulletins. Please include an email address for each.
