

SADDLE HILLS COUNTY

	POLICY TITLE <i>Roadside Seeding</i>	POLICY NO. <i>AG09</i>	PAGE 1		
	DEPARTMENT: <u>AGRICULTURE</u>				
COUNCIL RESOLUTION NO. 18.04.04.06 EFFECTIVE DATE: April 4, 2006	DCS	DPW	CAO	CROSS REFERENCE	AMENDMENT DATE
	<i>DC</i>	<i>EH</i>	<i>[Signature]</i>		<i>April 4, 2006</i>

PURPOSE:

To prevent soil erosion and promote more efficient weed control on newly constructed roads and where backsloping is done on existing roads.

POLICY:

1. A grass mixture will be used consisting of locally grown Canada #1 or better seed with a composition of or as close as possible to the following:

40% Fescue, 20% Alsike, 20% Timothy and 20% Brome.
2. A weed seed analysis for all lots of seed used will be obtained prior to purchasing.
3. Only clean seed lots will be purchased.
4. A different variety or mixture may be used or added to supplement the above mixture in erosion prone areas or high salt tolerant areas for specific use to establish quick ground cover.
5. The seeding will be done immediately after the road construction is finished, upon direction from the Director of Public Works.
