--	--	---

**Policy Statement**

The Agricultural Service Board (A.S.B.) shall reseed any Municipal District of Spirit River No. 133 right-of-ways that have been built, rebuilt or had erosion scars repaired, in order to reduce further erosion and the introduction of weeds.

**Procedure**

1. Seed species and varieties shall be left to the discretion of the Agricultural Fieldman to chose the combination that is best suited for the given site to be reclaimed.
2. Certified or Common #1 seed shall be used and purchased from local Peace River Region sources. A weed seed purity analysis should be reviewed to prevent seeding of undesirable species.
3. Sweet Clover shall not to be included in seeding mixes.
4. Suggested mix is fescue and fall rye (annual) with no more than 20% alsike clover.
