

REFERENCE

Adopted by Council: Resolution 427-2013 (October 8, 2013)

Supersedes: October 26, 1999 – Organizational Meeting – Resolution 336-99

POLICY STATEMENT

PURPOSE AND INTENT:

To implement a Soil Conservation Program.

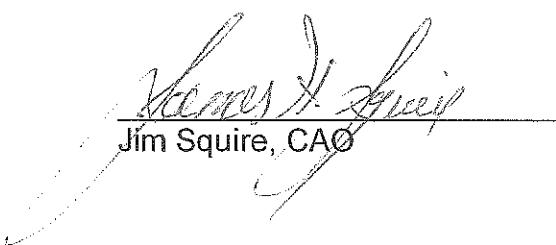

POLICY STATEMENT:

The Agricultural Service Board will promote a soil conservation program within the boundaries of the Thorhild County to demonstrate and promote good soil conservation practices.

1. The Agricultural Service Board will establish a long-term program which will promote good soil conservation practices by conducting local meetings, tours, practical demonstrations and local advertisements.
2. Administration will prepare a set plan of soil conservation demonstrations and awareness incentives on a yearly basis for the forthcoming year.

Administration will submit applications for funding to any Provincial departments or other Agencies with funding programs which would assist with achieving the County's goals under the program.

A final year end report, outlining the benefits, expenses, and grievances relating to the soil conservation program carried out throughout the year is to be completed. This report will be approved by the Agricultural Service Board and then submitted to the appropriate departments to meet funding requirements.
