Department Agriculture	Policy No. AG (8)	Page 1 of 1
Policy Title BEAVER FLOOD CONTROL		

Council Resolution No. C/75/05	Date: February 10, 2005	Cross Reference E(8) FEB., 1996	Effective February 10, 2005
--	-----------------------------------	---	---------------------------------------

Policy

Beaver activity in Lacombe County can have a major impact on roads and the associated drainage works. Lacombe County will carry out control of beavers when their activity impacts County infrastructure.

Regulations

1. Trapping of beaver and removal of beaver dams and unplugging road culverts shall take place as required on County road allowances.
2. If a road allowance is affected due to beaver activity on private land(s), trapping of beaver and blasting beaver dams may take place on private land(s) provided proper written permission is obtained from the landowner(s) or person(s) in possession of the land(s).
3. Personnel transporting, handling and using explosives shall comply with all government regulations and County safety policies.
