

ON-FARM SOLAR PHOTOVOLTAICS (OFSPV) PROGRAM

To be eligible for funding, a Photovoltaic system must be:

Grid-tied, not off-grid

Approved under Alberta's Micro-Generation Legislation

Positioned to optimize sunshine and minimize shading

Have manufacturer-warranties on: Solar modules, Racking, Inverters and/or Micro-inverters, and

Installed on a Site ID that has a Distribution Rate Class of Farm, Irrigation, Grain Drying, or equivalent

Retroactive projects that have been completed AFTER APRIL 15, 2017 are eligible. See website for more details!
