

# Horse Savvy Publications

The 2007 Horse Savvy Day Planner is a must have for horse owners. The one of a kind Equine Information Tracking System is preceded by a 52 week-at-glance planner including full color pictures of all breeds of horses in all applications. 2007 also has a 'Horse Health Check' new to this planner and put together by the University of Guelph Ontario and used in some of their programs.

No other planner has a complete filing system for all your equine information such as vaccinations, worming, vet and farrier, breeding, show results and future planning.

- Depending on your order, volume discounts may apply.
- Suggested retail \$19.95 (Not printed on the book)
- Direct costs are \$13.00 with a minimum order of 40.
