Value of project at beginning of the club year (A)

Value of project at the end of the club year (B)

(Estimated replacement market value at the start (A) and end (B) of project year)

I have noticed the following particular mannerisms:

Copper is sort of bossy with the rest of our horses and likes to be fed first. He always comes up to the corral fence when he sees me coming. He likes to have his belly scratched.

Written Description of your Project Horse

Be sure to include: size, colour, breed, sex, age, markings, electronic ID and brands.

Nick's Copper Penny, better known as Copper, is a 15 hand high, chestnut Quarter Horse gelding who is 10 years old. He has a beautiful flaxen mane and tail and if you look really closely, you can see some white hairs in his coat on his sides and above his tail on his rump. He has a small star on his forehead and a short jagged stripe that starts part way down his face and ends up in a snip on his nose. He also has a half stocking on his right hind leg and a pastern on his left front. Copper has a great personality and is a real pleasure to ride. He does not have a brand.

Health and Growth Indicator Record

Record at least once each season (fall, winter, spring and summer).

Project Activities

Date	
Oct. 8	The new members rode at the arena so that they could be evaluated for their riding level.
Oct. 9	The old members rode at the arena. We worked on bending and suppleness. Leg yield and two track were hard.
Oct. 15	We had a Reining Clinic with Kevin Pole instructing. We learned about making good circles, turns on the haunches and roll backs. Copper did really well and I had fun.
Oct. 22	We had a lesson at the arena. We worked on bending and patterns. We had a quiz on horse parts.

Member's Questions or Comments

I would like to learn how to make my horse side pass better.

He goes crooked when we do it.

Club and Other 4-H Activities

Date	
Oct. 1	Reorganizational meeting at the Hall. We had our elections and new members joined. I am the secretary this year. We decided to ride on Wednesdays and Thursdays at the arena until it gets too cold.
Oct. 6	Awards night at the Hall. I placed first in the red color group and won a horse sheet. I also placed second in Record Books and won a hoodie with Copper on it.

Project Activities

Date	
Nov. 8	We had a Fun Day at the arena but I couldn't take Copper because I can't ride him until we go back to the vet and have his stitches removed. So I helped set up the equipment and timed the games. Everyone had a good time.

Member's Questions or Comments

I hope Copper's cut doesn't make him lame. I also hope we can have another Fun Day so I can take Copper.

Club and Other 4-H Activities

Date	
Nov. 17	Record book workshop and meeting at the Hall. We had pizza for supper and then worked on our record books. We talked about what to do for our Christmas Party.
Nov. 23	Regional District Fun Day - we went to Calgary and played Lazertag at Capture the Flag.
Nov. 29	Horse Bowl + Hippology - two teams from our club participated in the Horse Bowl and Hippology competition. My team placed first in the Junior division.
