Dear Bill,

Re: Hinton Wood Products 1999 DFMP Commitment Matrix

As discussed at the December 13, 2007 meeting of the Integrated Resource Management Steering Committee (IRMSC), we are pleased to submit the 1999 DFMP Commitment Matrix for approval. The commitment matrix summarized the tasks that were scheduled to be completed as part of the 1999 DFMP for the Hinton FMA area.

One of four categories was assigned to each commitment to describe its final status:

- Complete – commitment complete.
- Deleted – commitment incomplete and deemed to be no longer relevant.
- On-going – commitment completed or commenced and the activity is expected to continue.
- Carry forward to 2009 DFMP – commitment incomplete but will be re-evaluated during the 2009 DFMP process.

HWP and SRD representatives jointly reviewed and agreed upon the status of each commitment on December 13, 2007. We request approval and closure of the 1999 commitment matrix. A new matrix will be developed as part of the 2009 DFMP process.

If you have any questions, or would like to discuss this matter further, please feel free to contact me at 780-865-8181 or by email at Richard.Briand@WestFraser.com.

Sincerely,

Hinton Wood Products, A Division of West Fraser Mills Ltd.
