

IVOMEC CONTAINER RECYCLING WEEK

Ivomec Containers

Merial Canada and the 4-H Foundation of Alberta have set up a partnership to recycle Ivomec containers. The contents of these containers are used to control parasites on livestock. The containers are made of a high grade plastic that is highly recyclable. January 14-19, 2008 is the Alberta wide drop off week for the Ivomec containers that individual clubs have collected.

This fundraiser earns:

\$2.50 / 2.5L container

\$3.00 / 5L container

\$12.50 / 20L container

Procedure

-  EACH YEAR 4-H CLUBS MUST REGISTER, prior to December 15, 2007.
-  Additional information in regards to safety and collection is provided upon registration.
-  Containers must be clean and with the lids on each container for transporting
-  Labels must be visible on each container

To register and or for more information contact:
