

From Paper to Podium

Alberta 4-H is proud to introduce the new communications resource, "From Paper to Podium," which is an interactive, online (and soon-to-be CD-ROM format) learning tool, designed to give members all of the information and helpful tips necessary to be successful in their 4-H communication experience.

Complete with interactive games, printable PDFs, downloadable worksheets, supplementary video and hosts who will walk you through the entire resource, “From Paper to Podium” will ideally serve as a complementary tool for leaders to use when teaching public speaking and communications to members at a club meeting or in a workshop setting, as well as provide members the opportunity to do further exploring, practicing and learning at their own pace and on their own time.

We know, we know – it’s a bit late for this year’s public speaking season, *buuuuut* think about the time that this will give for you to prep for next year’s public speaking and presentation competitions?

You can find “From Paper to Podium” on the **Resources Log-in** page of the Alberta 4-H website (found on the left-hand side of the screen, directly under the Alberta 4-H logo). Look on your Alberta 4-H Member or Leader card for your login username and password.

Every registered club will also receive a hard copy, CD-ROM version of the resource in the 2010 Alberta 4-H Fall Mailout.
