## Table of Contents

	Page	Table	Page
Introduction.....	iii		
Census Definitions and Notes.....	iv		
Geographic Amalgamations .....	iv		
Alberta Land-use Regions Map.....	xii		
Alberta Municipalities Classified by Region.....	xiii		
Highlights.....	xiv		
<b>Table</b>	<b>Page</b>		
1.1 Farms Classified by Operating Arrangements.....	1		
2.1 Farm Land Area Classified by Tenure.....	4		
3.1 Farms Classified by Total Farm Area.....	7		
4.1 Farms Classified by Type of Organic Production .....	10		
<b>Field Crops Grown</b>			
5.1 Wheat; Oats; Barley.....	13		
5.2 Mixed Grain; Corn for Grain; Buckwheat; Rye.....	16		
5.3 Corn for Silage; Alfalfa and Alfalfa Mixtures; All Other Tame Hay and Fodder; Canola; Flaxseed; Soybeans.....	19		
5.4 Mustard Seed; Sunflowers; Potatoes; Dry Field Peas; Lentils; Dry White Beans.....	22		
5.5 Chick Peas; Other Dry Beans; Canary Seed; Sugar Beets for Sugar; Ginseng; Caraway Seed .....	25		
5.6 Triticale; Forage Seed for Seed; All Other Field Crops.....	28		
<b>Fruits, Berries and Nuts Grown For Sale</b>			
6.1 Total Fruits, Berries & Nuts; Saskatoons; Strawberries; Raspberries; Apples.....	31		
6.2 Cherries (sour); Cherries (sweet); Blueberries; Cranberries; Plums and Prunes.....	34		
6.3 Pears; Peaches; Apricots; Grapes; Other Fruits, Berries & Nuts.....	37		
		<b>Vegetables Grown For Sale (excluding greenhouse vegetables)</b>	
		7.1 Total Vegetables; Sweet Corn; Tomatoes; Cucumbers; Green Peas; Green and Wax Beans.....	40
		7.2 Cabbage; Chinese Cabbage; Cauliflower; Broccoli; Brussel Sprouts; Carrots.....	43
		7.3 Rutabagas and Turnips; Beets; Radishes; Dry Onions; Shallots and Green Onions; Celery.....	46
		7.4 Lettuce; Spinach; Peppers; Pumpkins; Squash and Zucchini.....	49
		7.5 Asparagus, Producing; Asparagus, Non-producing; Other Vegetables.....	52
		8.1 Nursery, Sod and Forest Products Grown for Sale.....	55
		<b>Farm Land Area Classified by Use of Land</b>	
		9.1 Total Area of Farms; Land In Crops; Summerfallow; Tame or Seeded Pasture; Natural Land for Pasture.....	58
		9.2 Woodland and Wetland; All Other Land .....	61
		10.1 Farms Classified by Area in Crops and Summerfallow.....	64
		<b>Greenhouse Products and Mushrooms Grown for Sale</b>	
		11.1 Total Greenhouse Area, Under Protection and In Use; Greenhouse Flowers; Greenhouse Vegetables; Other Greenhouse Products.....	67
		11.2 Mushrooms Grown for Sale.....	70
		12.1 Use of Irrigation, Commercial Fertilizer, Herbicides, Insecticides, Fungicides and Lime.....	73
		<b>Manure and Manure Application Methods</b>	
		13.1 Farms Producing or Using Manure .....	76
		13.2 Manure Application Methods .....	79
		14.1 Farms Classified by Conservation Practices and Features.....	82
		15.1 Tillage Practices Used to Prepare Land for Seeding.....	85

Table	Page	Table	Page
16.1		25.1	
<b>Forms of Weed Control Used on Summerfallow Land</b> .....	88	<b>Farms Classified by Total Farm Capital</b> .....	133
<b>Poultry Inventory</b>		<b>Farm Business Operating Expenses</b>	
17.1 Total Hens and Chickens; Broilers, Roasters and Cornish; Pullets Intended for Laying; Laying Hens; Laying Hens, Layer and Broiler Breeders.....	91	26.1 Total Expenses; Total Farm Interest Expenses; Rent and Leasing Expenses, Land and Buildings; Total Wages and Salaries; Wages and Salaries Paid to Family Members.....	136
17.2 Turkeys; Other Poultry.....	94	26.2 Wages and Salaries Paid to All Other Persons; Custom, Contract and Hired Trucking; Electricity, Telephone and Other Telecommunications; All Fuel Expenses; Fertilizer and Lime Purchases.....	139
18.1 <b>Poultry Production, Egg Production and Poultry Hatched in Commercial Hatcheries</b> .....	97	26.3 Herbicide/Insecticide/Fungicide Purchases; Seed and Seedling Purchases; Feed and Supplement Purchases; Livestock and Poultry Purchases; Veterinary Services.....	142
<b>Cattle and Calves</b>		26.4 Repairs and Maintenance of Machinery, Equipment and Vehicles; Rental and Leasing of Machinery, Equipment and Vehicles; Repairs and Maintenance of Farm Buildings and Fences; All Other Farm Operating Expenses.....	145
19.1 Total Cattle & Calves; Bulls; Total Cows; Dairy Cows; Beef Cows; Total Heifers; Beef Replacement Heifers.....	100	27.1 <b>Farms Classified by Total Gross Farm Receipts</b> .....	148
19.2 Dairy Replacement Heifers; Slaughter/Feeder Heifers; Steers; Calves, Under One Year.....	103	28.1 <b>Farms Classified by Type</b> .....	151
20.1 <b>Pigs</b> .....	106	29.1 <b>Paid Agricultural Labour</b> .....	154
21.1 <b>Sheep and Lambs</b> .....	109	30.1 <b>Farms Using Computers and Internet for Farm Business</b> .....	157
<b>Other Livestock and Bees</b>		31.1 <b>Number of Farm Operators</b> .....	160
22.1 Horses and Ponies; Goats; Wild Boars; Mink; Bison (Buffalo); Rabbits.....	112	32.1 <b>Farm Operators Classified by Sex</b> .....	163
22.2 Deer (excluding wild deer); Elk; Llamas and Alpacas; Colonies of Bees; Gallons of Other Pollinating Bees.....	115	33.1 <b>Farm Operators Classified by Age Groups</b> .....	166
<b>Farm Machinery Inventory and Market Value</b>		34.1 <b>Farm Operators Classified by On Farm and Non-Farm Work</b> .....	169
23.1 Total Tractors; Tractors Under 60 hp; Tractors 60 to 99 hp; Tractors 100 to 149 hp .....	118	35.1 <b>Farm Operators Living On and Off the Farm</b> .....	172
23.2 Tractors Over 149 hp; Cars and Other Passenger Vehicles; Total Farm Trucks; Pick-ups and Cargo Vans .....	121		
23.3 Other Farm Trucks; Combines; Swathers and Mower-Conditioners; Balers .....	124	<b>Appendix I</b>	
23.4 Forage Harvesters; Tillage, Cultivation, Seeding and Planting Equipment; Irrigation Equipment; All Other Farm Machinery and Equipment.....	127	2011 Census of Agriculture Questionnaire	
<b>Farm Capital</b>			
24.1 Total Farm Capital; Land & Buildings, Total, Owned, Rented; Livestock and Poultry; Total Value of Farm Machinery and Equipment.....	130		

## Acknowledgements

The invaluable assistance from all of those who provided input to this publication is greatly appreciated. In particular, a number of people merit special recognition, as follows:

From the Statistics and Data Development Branch, Alberta Agriculture and Rural Development (ARD): Huiting Huang and Marion Harry for the many hours spent in working directly with the processing and formatting of the custom data, and to Guangzhi Liu, for mapping the regions, and as well, to John Gilmore, from Ag-Industry Extensional and Training Branch, for the design of the cover.

This publication was sponsored by Growing Forward, a Federal-Provincial-Territorial initiative.

Reynold N. Jaipaul

## Introduction

This publication presents farm and farm operator data taken from the **2011 Census of Agriculture**, conducted on May 10, 2011. The data is specific to Alberta at the **County, Municipality, and Improvement District** level, which are equivalent to Census Consolidated Subdivisions.

As background, on May 10, 2012, **farm and farm operator data** relating to the 2011 Census of Agriculture for Canada was released by Statistics Canada on its website: <http://www.statcan.gc.ca>. At the time of the release, data for all variables were presented at five levels of geography, national, provincial, Census Agriculture Region (CAR), Census Division (CD), and the Census Consolidated Subdivision (CCS). The latter three presented data at the sub-provincial level. The CCS is a grouping of adjacent census subdivisions. A census subdivision with a land area greater than 25 square kilometers can form a census consolidated subdivision of its own, while smaller census subdivisions are usually grouped with a larger census subdivision. The release by Statistics Canada of the CCS data for the 2011 Census of Agriculture will provide those working with lower levels of geography, such as County, Municipal District, etc. an excellent source of detailed data for comparison across Canadian provinces.

The 2011 Census of Agriculture data contained in this publication is for selected farm variables. The data is presented in a tabular format, by County, Municipality and Improvement District, which are subsequently summed to the seven Land-use regions (Lower Peace, Lower Athabasca, Upper Peace, Upper Athabasca, North Saskatchewan, Red Deer, and South Saskatchewan). Land-use regions were created by the Government of Alberta for the Land-use Framework. The seven regions are based on the major watersheds, with boundaries aligned to best fit with existing municipal boundaries and the natural regions.

Also worth noting, is that data confidentiality (as designated by an “x”) at the municipal level, has resulted in some data at the regional levels being suppressed to maintain this confidentiality.

Users are encouraged to refer to the section containing the Census definitions and notes when attempting to interpret the data. Also, for spatial data interpretation, please refer to the Alberta map with its regional boundaries, and municipalities classified by region.

In an ongoing attempt to improve this publication, comments or questions should be directed to:

## Census Definitions and Notes

### General Notes

#### Conversion Factors

1 acre = 0.404 685 6 hectares  
 1 hectare = 2.471 05 acres  
 1 square foot = 0.092 903 04 square meters  
 1 square meter = 10.763 91 square feet  
 1 kilogram = 2.204 622 6 pounds  
 1 pound = 0.453 592 4 kilograms

#### Boundary Changes

There have been significant refinements in the geographic assignment of agricultural operations and changes in Census Consolidated Subdivision boundaries between 2011 and 2006 making data for Census Consolidated Subdivisions for these two censuses not comparable.

#### Geographic Amalgamations

Due to confidentiality constraints, agricultural data for subdivisions with very few farms were combined with data from adjacent areas. Following are the amalgamations for the 2011 Census of Agriculture:

Census Division	2011 I.D.	Amalgamations & Components
<b>C.D. No. 5</b>	<b>482005031</b>	<b>Starland County</b>
	482005031	Starland County
	482005026	Drumheller
<b>C.D. No. 12</b>	<b>486012037</b>	<b>Lac la Biche County</b>
	486012037	Lac la Biche County
	486016037	Wood Buffalo (Division #16)
	486016051	Improvement District No. 24 Wood Buffalo (Division # 16)
<b>C.D. No. 15</b>	<b>483015045</b>	<b>Ranchland No. 66</b>
	483015045	Ranchland No. 66
	483015013	Kananaskis
	483015007	Crowsnest Pass
	483015032	Improvement District No. 9 Banff
<b>C.D. No. 17</b>	<b>487017033</b>	<b>Lesser Slave River No. 124</b>
	487017033	Lesser Slave River No. 124
	487017031	Opportunity No. 17

#### Data are not available for:

(due to minimal or no agricultural activity)

- Improvement District No. 4 (Waterton Park)
- Improvement District No. 13 (Elk Island)
- Improvement District No. 25 (Willmore Wilderness Park)
- Jasper Improvement District

#### Headquarters Rule

Many agricultural operations in Canada are composed of numerous parcels of land in a number of locations. These different locations are often situated in several geographic areas (such as townships or counties). In these situations, the "headquarters rule" assigns all data collected for the agricultural operation to the geographic area where the farm headquarters is located.

#### Incomplete Enumeration of Indian Reserves and Indian Settlements

On some Indian reserves and Indian settlements in the 2011 Census, enumeration was not permitted or was interrupted before it could be completed. These geographic areas are called incompletely enumerated Indian reserves and Indian settlements.

Data for census farms located on these incompletely enumerated reserves and settlements are therefore not available. The impact of the missing data is very small for higher-level geographic areas (Canada, provinces, and census agricultural regions). However, the impact is more significant for those smaller areas (census divisions and census consolidated subdivisions) in which the affected reserves and settlements are located.

For a listing of the names and locations of the incompletely enumerated Indian reserves and Indian settlements, please refer to the Statistics Canada web site at <http://www.statcan.ca>.

#### Rounding

Totals may not equal the sum of their parts due to the use of conversion factors or the rounding of fractions to whole numbers. All farm operator data, including totals, were randomly rounded either up or down to a multiple of 5.

## **What's new for 2011?**

The 2011 Census of Agriculture questionnaire was modified slightly from 2006. Some highlights are:

### **Data Collection**

In 2011, all Census of Agriculture forms were delivered to households and farm operations by Canada Post.

### **Farm Operator Data**

In 2011, farm operator data is added to this publication, as Statistics Canada released farm operator data at the same time as farm data.

### **Business Number**

For 2011, a question was added requesting the Canada Revenue Agency (CRA) Business Number for the agriculture operation.

### **Crop Residue**

In 2011, a question was added to request the area from which crop residue was baled. This is an environmentally relevant question, as crop residue management affects erosion rates, contamination of surface and groundwater, greenhouse gas emissions, and carbon sequestration.

### **Eggs**

For egg production, the two new variables *Table eggs* and *Hatching eggs* were added in 2011.

### **Internet**

In 2011, *Access to high-speed Internet* was added in order to evaluate the accessibility of respondents to services provided by Internet.

### **Land Use**

The variable *Total all other land* reported in 2006 was dropped for 2011.

### **Land Tenure**

For 2011, two new variables *Used through Other Arrangements* and *Total Area Used by Others* were added to this publication. *Total Area of Farm* is the difference between the sum of *Area Owned*, *Leased from Government*, *Rented/Leased from Others*, *Crop Shared from Others*, and *Used through Other Arrangements* minus *Total Area Used by Others*.

### **Pigs**

In 2011, *Nursing pigs* and *Weaner pigs* are reported separately, whereas in 2006 they were grouped together.

### **Other Livestock**

*Rabbits* was added as a separate variable in 2011. *Fox* has been removed as a separate variable.

### **Manure and Manure Application**

In 2011, the option *Applied on land that was rented to others* was added to the question on how manure was used or produced. The option *Manure spread naturally by grazing livestock* was added to the question on application methods, *Liquid manure applied by irrigation* was removed.

### **Organic**

In 2011, the category *Organic but not certified* was removed in order to reflect the new regulations on the use of the term "organic".

*Herbs, spices or garlic* was added as a variable in 2011, after having been reported under other organic products in 2006.

### **Paid work**

In 2011, *number of employees working full or part time* was added in order to provide a measure of the number of people working on farms.

### **Practices and Land Features**

Two options, including *In-field winter grazing or feeding* and *Nutrient management planning*, were added in 2011.

## **Deleted Topics**

### **Farm-related injuries**

In 2011, the topic on farm-related injuries was removed because better quality data are available from alternative sources.

## **Definitions**

### **All Other Land**

All other land includes land on which farm buildings, barnyards, lanes, home gardens, greenhouses and mushroom houses are located; idle land; woodlots; sugarbush; tree windbreaks; bogs; marshes; sloughs; etc. In 2011, land that was reported as “too wet to seed” was classified as “other land” instead of cropland or summerfallow.

### **Buffer Zones Around Water Bodies**

Areas along natural watercourses left with natural vegetation (unfarmed) and designed to prevent erosion, especially in stream channels that become wider and shallower, to preserve wildlife habitat and fish stocks, and protect water quality for livestock and people. Also referred to as riparian areas, i.e., land bordering a stream or body of water.

### **Corn for Silage**

Corn in which the entire plant, including the cob, is chopped up and stored in upright silos, bunker silos or plastic bags, and used for animal feed.

### **Corporation**

An incorporated business registered with a provincial or federal agency as a legal entity separate from the owner. **Family corporation:** an incorporated business operation where an individual or members of a family own the majority of the corporation shares. **Non-family corporation:** an incorporated business operation where a group of unrelated individuals owns the majority of the corporation shares.

### **Crop Rotation**

Changing the type of crop grown on the same land from year to year or periodically to control weeds, insects, disease, and replenish soil nutrients or reduce erosion.

### **Crop Share**

An agreement between the landowner and the person operating the land (the share cropper), in which the crop is shared rather than cash rent being paid. Cropping expenses may or may not be shared. The person who does not own the land but operates it reports any areas being crop-shared.

### **Custom Work**

Work done somewhere other than on the agricultural operator's operation using his/her equipment in return for money or other payment. Includes custom plowing or combining, trucking, drying grain, cleaning seed, spreading fertilizer, spraying crops, cleaning feedlots, etc.

### **Farm (Census Farm)**

Over time, the definition of a farm has changed. In 1971 and 1976, a farm was defined as an agricultural holding of one acre or more with sales of agricultural products of \$50 or more. In 1981 and 1986, the minimum sales requirement was increased to \$250. In 1991, a farm was referred to as a census farm, ranch or other agricultural holding which produces at least one of the following products intended for sale (no minimum sales requirement): crops, livestock, poultry, animal products, greenhouse or nursery products, mushrooms, sod or honey. The 1996 definition was expanded to include commercial poultry hatcheries and operations that produced only Christmas trees.

Since 1996, a census farm has been defined as an agricultural operation that produces at least one of the following products intended for sale: crops (hay, field crops, tree fruits or nuts, berries or grapes, vegetables, seed); livestock (cattle, pigs, sheep, horses, game animals, other livestock); poultry (hens, chickens, turkeys, chicks, game birds, other poultry, commercial poultry hatcheries); animal products (milk or cream, eggs, wool, furs, meat); or other agricultural products (Christmas trees, greenhouse or nursery products, mushrooms, sod, honey, maple syrup products).

### **Farm Capital**

Farm capital includes the value of all farmland, buildings, farm machinery and equipment (including passenger vehicles used in the farm business) and livestock and poultry. Respondents report the value of their land, buildings, farm machinery and equipment as of Census Day. Values for livestock and poultry inventories reported in the census are calculated using data on average farm prices for the various types of livestock and poultry. Farm capital does not include the value of crops in the field or in storage, or farm inputs on hand, such as fertilizer and seed.

## Farm Operators

Since 1991 farm operators have been defined as those persons responsible for the day-to-day management and/or financial decisions made in the operation of a farm or an agricultural operation. Up to three farm operators could be reported per farm, including owners, tenants or hired managers, if they are responsible for management decisions for particular aspects of the farm, such as planting and harvesting, capital purchases, and marketing. Prior to the 1991 Census of Agriculture, the farm operator referred to only one person responsible for the day-to-day decisions made in running an agricultural operation.

Farm operator data relating to the 2011 Census of Agriculture are also being provided with farm data in this publication. Farm operator data comprises sex, age, residence status as well as farm and non-farm work measured by average number of hours per week.

## Farm Operating Expenses

Any cost associated with producing crops or livestock, except the purchase of land, buildings or equipment. Includes the cost of seed, feed, fuel, fertilizers, etc.

Refers to gross operating expenses of the operation in the previous calendar year, or for the last complete accounting (fiscal) year, and excludes depreciation and capital cost allowance.

## Farm Type

For this publication, each census farm is classified according to the predominant type of production. This is done by estimating the potential receipts from the inventories of crops and livestock reported on the questionnaire and determining the product or group of products that make up the majority of the estimated receipts. The commodity or group of commodities that account for 51 per cent or more of the total potential receipts determines the farm type. Farm types are derived based on the 2007 North American Industrial Classification System (NAICS).

**Dairy cattle and milk production** comprises establishments primarily engaged in milking dairy cattle. Examples include fluid and raw cream production, fluid and raw milk production, etc.

**Beef cattle ranching and farming** comprises establishments primarily engaged in raising and fattening cattle. Examples include beef cattle feedlots, beef cattle ranching, dairy heifer replacement production, etc.

**Hog and pig farming** comprises establishments primarily engaged in raising hogs and pigs. Examples include boar raising, hog feedlot, hog raising, pig farming, swine farrow to finish farming, weanling pigs raising, etc.

**Poultry and egg production** comprises establishments primarily engaged in breeding, hatching and raising poultry for meat or egg production. Examples include chicken egg farms, started pullet farming, broiler chicken farming, capon farming, fryer chicken raising,

turkey farming, turkey egg production, poultry hatcheries, duck farming, emu farming, geese farming, etc.

**Sheep and goat farming** comprises establishments primarily engaged in raising sheep and goats, and feeding or fattening lambs. Examples include lamb feedlot, lamb raising, sheep raising, sheep farming, wool production farming, goat farming, raw fluid goat's milk production, mohair farming, etc.

**Other animal production** comprises establishments, not classified to any other industry group, primarily engaged in raising animals, such as bees, horses and other equines, rabbits and other fur-bearing animals, llamas, deer and the production of animal products, such as honey and other bee products, are also included. Establishments primarily engaged in raising a combination of animals, classified in other industries with no one predominating, are also included in this industry group.

**Wheat farming** comprises establishments primarily engaged in growing wheat, for example spring, winter and durum wheat growing.

**Oilseed and grain (except wheat) farming** comprises establishments primarily engaged in growing oilseeds and grains. Establishments primarily engaged in producing seeds are classified in the appropriate crop industry. Examples include soybean farming, oats farming, barley farming, mixed grains farming, rye farming, canola farming, flaxseed farming, dry field beans growing, dry field peas growing, forage seed farming, etc.

**Fruit and tree nut farming** comprises establishments primarily engaged in growing fruit and nuts, for example saskatoon berry farming, strawberries farming, raspberries farming, apples farming and other fruits, berries and nuts farming.

**Vegetable and melon farming** comprises establishments primarily engaged in growing vegetables and melons, vegetable and melon seed production and vegetable and melon bedding plant production. Examples include potato farming, sweet potato farming, cucumber farming, green pea farming, green bean farming, cabbage farming, etc.

**Greenhouse, nursery and floriculture production** comprises establishments primarily engaged in growing crops of any kind under cover, growing nursery crops and growing flowers. Examples include food crops grown under cover, herbs grown under cover, vegetables grown under cover, mushroom farming, nursery and floriculture products grown under cover or in open fields, etc.

**Other crop farming** comprises establishments, not classified to any other industry group, primarily engaged in growing crops, such as sugarbeets, hay, hay and grass seeds, etc. Combination crop farming and the gathering of maple sap are included in this industry group.

Since 2011, the previously used historical farm type classification based on the Standard Industrial Classifications (SIC) is no longer used for Census of Agriculture.

## Field Crops

Includes hay, alfalfa and alfalfa mixtures, wheat (spring, durum, winter), oats, barley, mixed grains, corn (grain and silage), rye (fall and spring), canola, soybeans, flaxseed, dry field peas, chick peas, lentils, beans (dry white and other beans), forage seed, potatoes, mustard seed, sunflowers, canary seed, ginseng, buckwheat, sugar beets, caraway seed, triticale, and other field crops such as hemp, spelt, coriander and other spices.

## Fodder Crops

Includes alfalfa, barley, clover, corn and sorghum and any other crops in which the whole plant is used to feed cattle, sheep and other ruminants.

## Forage Seed

Seed from fodder crops grown commercially for seed. Includes timothy, fescue, clover, alfalfa, wheat grass, and turf grass seed.

## Fungicide

A chemical used to control, suppress or kill fungi that severely interrupt normal plant growth.

## Green Crops for Plough Down

Young green plants, such as buckwheat and red clover, incorporated into the soil to improve fertility. Usually grown only to improve the soil. Plowing down green crops: when a crop such as winter wheat, fall rye, buckwheat or red clover is planted but "plowed under" before it can be harvested.

## Gross Farm Receipts

Farm receipts measure the gross revenue generated by agricultural holdings. They are not a direct measure of profit since operating expenses have not been deducted. The data for receipts were collected for the previous calendar year, or for the last complete accounting (fiscal) year.

Gross Receipts include:

- receipts from all agricultural products sold
- marketing board payments received
- program and rebate payments received
- GST refunds received
- dividends received from co-operatives
- receipts from maple syrup and Christmas tree sales
- custom work and all other farm receipts

Gross Receipts do not include:

- receipts from the sale of capital items (e.g. land, buildings or machinery)
- receipts from the sale of goods bought only for retail sales
- receipts from the sale of forest products (firewood, pulpwood, logs, fence posts, pilings and standing timber)

NOTE: Farm receipts data from the Census of Agriculture are not directly comparable with other Statistics Canada sources such as the Taxation Data Program (TDP), the Farm Financial Survey (FFS) and the Agriculture Economics Statistics (AES) series, which are affected by differences in concepts, methods and coverage.

## Herbicide

A chemical used to control, suppress, or kill plants or severely interrupt their normal growth.

## Hired Paid Labour

Paid farm work done on the operation during the previous calendar year, either on a year-round, or seasonal or temporary basis. This includes work done by family members who were paid a salary or wage. The total value of wages and salaries paid are included in Farm Operating Expenses.

## Insecticide

A substance or mixture of substances intended to prevent, destroy, repel or minimize the effect of any insects that may be present.

## Interest Expenses

Refers to interest on operating debt and on all other debts (e.g., machinery or mortgage debt) for the previous calendar year or for the last complete accounting (fiscal) year. Interest expenses do not include payment of principal or amount of debt outstanding. Interest expenses as a percent of total expenses is used as a proxy for debt since actual debt levels are not reported in the census.

## Land Use

The sum of the following classifications of land use is equal to the total land area of Alberta farms:

**Total Land in Crops:** all areas reported for field crops, including grains and oilseeds, fruits, vegetables, nursery products and sod.

**Summerfallow:** land on which no crops will be grown during the year but on which weeds will be controlled by cultivation or application of chemicals.

**Tame or Seeded Pasture:** land that has been cultivated and seeded, or drained, irrigated, fertilized or controlled for brush or weeds; does not include areas to be harvested for hay, silage or seed.

**Natural Land for Pasture:** areas used for pasture that have not been cultivated and seeded, drained, irrigated or fertilized.

**Christmas Trees, Woodlands and Wetlands:** area of Christmas tree grown for sale include naturally established or planted areas, regardless of stage of growth, that are pruned or managed with the use of fertilizer or pesticides. Woodlands include non-workable land such as woodlots, sugarbushes, tree windbreaks and bush that is not used for grazing. Wetlands include ponds, bogs, marshes, sloughs, etc.

**All other land:** land on which farm buildings, barnyards, lanes, home gardens, greenhouses and mushroom houses are located; idle land. In 2011, land that was reported as “too wet to seed” has been classified as “other land” instead of cropland or summerfallow.

### **Livestock Inventory**

Includes all animals on the farm, regardless of ownership, and any animals owned but pastured on a community pasture, grazing co-op or public land. Livestock on farms exclude animals owned but kept on a farm, ranch, or feedlot operated by someone else.

Livestock data from the census are used as the basis for annual estimates and for estimating inventories, production and future supplies of animals and animal products for domestic consumption and export. Farmers use census estimates to make production and marketing decisions while government departments, private companies and farm media use census information in market analysis and formulation of agricultural outlooks.

### **Natural Land for Pasture**

Areas used for pasture that have not been cultivated and seeded, or drained, irrigated or fertilized. Includes native pasture/hay (indigenous grass suitable as feed for livestock and game); rangeland (land with natural plant cover, principally native grasses or shrubs valuable for forage); grazeable bush (forest land and bushy areas used for grazing, not land cultivated for crops or with dense forest), etc.

### **Non-workable land**

Includes land such as natural pastureland, woodland, wetlands, ponds, bogs, sloughs, barnyards, lanes, and land on which farm buildings are located.

### **Organic Certifying Agency**

This is a co-operative association or incorporated entity with the authority to give accreditation to organic agricultural operators. Organic certification is based on the Organic Agriculture Standard put out by the Canadian General Standards Board.

## **Organic Products**

Products from farm operations operated according to a set of organic production principles.

**Certified organic product:** an agricultural product that meets organic standards at each production/processing stage and is certified by a recognized certifying agency.

**Transitional:** commonly used by certifying agencies to indicate fields in transition to becoming certified organic. It means the operator is actively adopting practices that comply with organic standards. Certification can take up to four years

### **Paid on a Year-Round Basis**

An employee who is paid on a year-round basis is employed either part time or full time twelve months of the year.

### **Paid on a Seasonal or Temporary Basis**

An employee who is paid on a seasonal or temporary basis is employed part time or full time for only part of the year.

### **Partnership With or Without a Written Agreement**

A partnership with or without a written agreement is an agricultural operation where the business is owned and operated jointly by two or more persons with or without a written agreement and where risks and profits are shared. The partners may or may not own the land, buildings, machinery, etc.

### **Pesticide**

Any chemical used for controlling, suppressing or killing insects, weeds or fungi. Includes fungicides, herbicides, and insecticides.

### **Present Market Value**

The present market value is the amount of money a property should bring in if it were sold in today's market.

### **Rotational Grazing**

A practice allowing forages to recover after each grazing period. Includes alternating two or more pastures at regular intervals or using temporary fences within pastures to prevent overgrazing.

## Silage

A crop, such as corn and sorghum or other green crops with sufficient moisture, that has been preserved by partial fermentation in a silo, pit, stack, plastic bag or wrap for animal feed, and is usually chopped. Often called "hay crop silage" or "haylage" when made from forage crops such as hay or alfalfa. This is also referred to as ensilage and baleage.

## Sole Proprietorship Operation

A sole proprietorship operation is an agricultural operation where one person owns the non-incorporated business. The person who owns the business may or may not own the land, buildings, machinery, etc. There may be multiple operators (persons responsible for the day-to-day management decisions) such as husband and wife, father and son, etc.

## Summerfallow Land

Involves keeping normally cultivated land free of vegetation throughout one growing season by cultivating (plowing, discing, etc.) and/or applying chemicals to destroy weeds, insects and soil-borne diseases and allow a buildup of soil moisture reserves for the next crop year. Includes chemfallow, tillage, and/or a combination of chemical and tillage weed control on the same land.

## Tame or Seeded Pasture

Grazeable land that has been improved from its natural state by seeding, draining, irrigating, fertilizing or weed control. Does not include areas of land harvested for hay, silage or seed.

## Tillage

Tillage is the practice of working the soil for the purpose of bringing about the more favourable conditions for plant growth. **Conventional tillage** incorporates most of the crop residue into the soil while **minimum-till** retains most of the crop residue on the surface. **No-till or zero-till** includes direct seeding into stubble or sod.

## Value of Farm Land and Buildings

Refers to the present market value of land and buildings on the operation on Census Day. It includes the value of all houses that are part of the operation; the value of fixed equipment/machinery such as bulk tanks, farrowing pens, etc., found in farm buildings on the operation. It includes land and buildings that are rented or leased from others, but does not include the value of any land and buildings rented or leased to others.

## Value of Farm Machinery and Equipment

Refers to the present market value of all farm machinery and equipment that was owned or leased on Census Day.

## Windbreaks or Shelterbelts

Rows of natural or planted trees or hedges along field edges that stop prevailing winds from eroding the soil. Used more frequently in Western Canada where farmland is more susceptible to wind action and where trapping snow for moisture is important.

## Winter Cover Crops

A crop, such as red clover, fall rye, etc., seeded in the fall to protect the soil from water and wind erosion during the winter and from heavy rains and run-off in the spring.

## Woodlands and Wetlands

Woodlands include non-workable land such as woodlots, sugarbushes, tree windbreaks and bush that is not used for grazing. Wetlands include ponds, bogs, marshes, sloughs, etc.

## Workable Land

All arable or cleared lands including area in hay, crops, summerfallow, and tame or seeded pasture land.

## Notes on 2011 Census Data

### Wheat

Spring Wheat (including utility and prairie spring wheats).

### Winter Wheat/Fall Rye

Winter wheat or fall rye to be harvested in 2011.

### Vegetables Grown for Sale

Excludes greenhouse vegetables.

### Livestock

**Chicks and poultry hatched** refers to those hatched in commercial poultry hatcheries in the calendar year prior to the census.

**Poultry production** (broilers, roasters and Cornish) and **Egg production** (table eggs and hatching eggs) refers to production for the calendar year prior to the census.

**Other poultry** includes geese, ducks, roosters, ostriches, emus, pheasants, quail, wild turkey, etc.

### **Herbicide/Insecticide/Fungicide Use**

The area of land that has been treated with herbicides, insecticides and fungicides is under-reported. However, the data are comparable with previous censuses.

### **Operators**

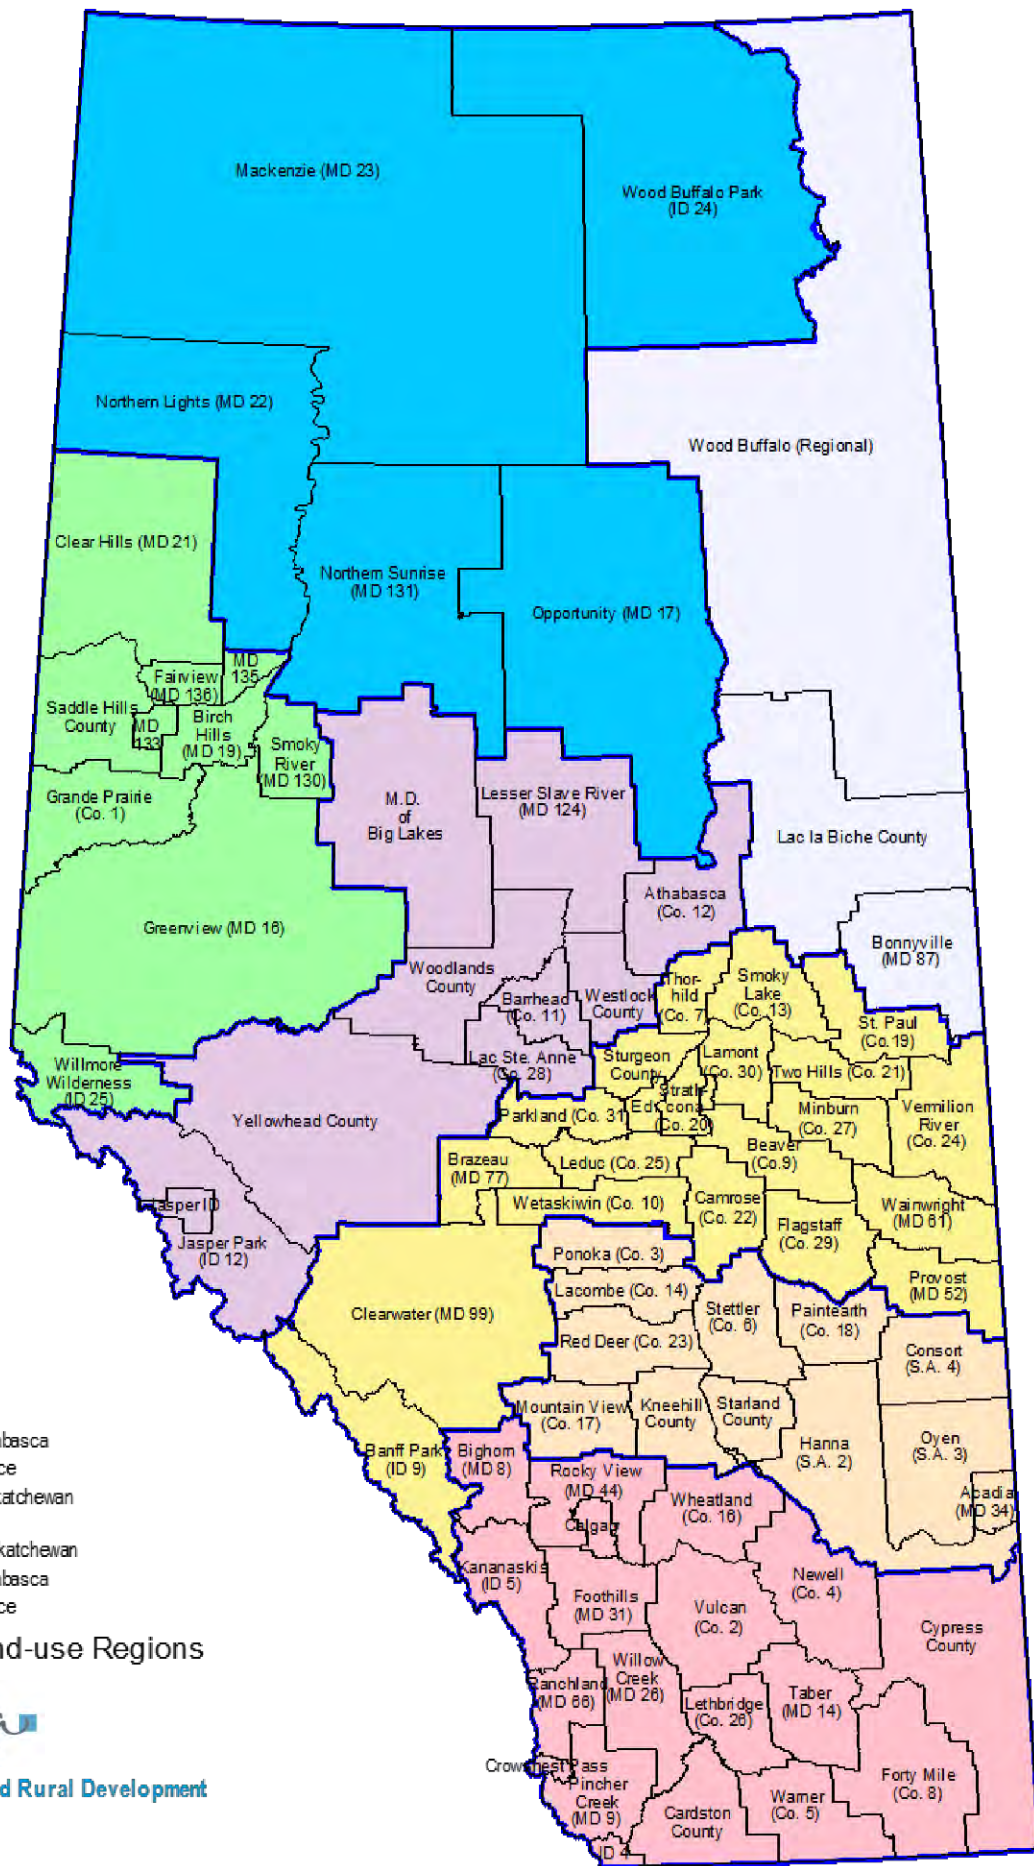

Up to three operators can be reported per farm. This is a count of distinct operators; hence, operators of two or more separate farms are included only once in the total.

### **Tenure**

Includes land **used** through arrangements other than renting, leasing or crop sharing, such as land trading or rent free.

XXXX

### STEP 1 IMPORTANT

- ◆ Complete one questionnaire for each agricultural operation and return by mail.
- ◆ If additional questionnaires are needed, call us free of charge at 1-877-777-2011.
- ◆ If an extra questionnaire is received for the same agricultural operation, return it in the separate postage-paid envelope provided.

#### CONFIDENTIAL WHEN COMPLETED

The confidentiality of your census responses is protected by law. This information is collected under the authority of the *Statistics Act*, R.S.C. 1985, c. S-19, and must be provided by law. Your information may be used by Statistics Canada in support of our other surveys or for analysis.

#### Any questions?

[www.census2011.gc.ca](http://www.census2011.gc.ca)

Call us free of charge at 1-877-777-2011.  
 Your questions will be answered between  
 8 a.m. and 9 p.m.

TTY users call 1-866-753-7083.

#### HOW to complete the questionnaire

You have the option to complete this questionnaire on the Internet or on paper.

INTERNET	PAPER QUESTIONNAIRE
<p>Follow these instructions:</p> <ol style="list-style-type: none"> <li>Go to <a href="http://www.census2011.gc.ca">www.census2011.gc.ca</a></li> <li>Use the secure access code printed at the top of this page to access your electronic form.</li> <li>Complete the questionnaire online in one or several sessions.</li> <li>If you complete the questionnaire online, do not mail back the paper questionnaire.</li> </ol>	<p>Follow these instructions:</p> <ul style="list-style-type: none"> <li>Use a <b>black or blue ballpoint pen</b>.</li> <li>Complete the questionnaire, for example:                             <ul style="list-style-type: none"> <li>by entering a number in a box ... <input type="text" value="2"/> <input type="text" value="0"/> <input type="text" value="5"/></li> <li>OR</li> <li>by filling in a circle ..... <input checked="" type="radio"/></li> </ul> </li> </ul> <p>CONTINUE to STEP 2, on page 2 →</p>

1501

### STEP 2 Answer the following questions about each person responsible for the MANAGEMENT DECISIONS made for this agricultural operation as of May 10, 2011.

#### OPERATOR 1

1. Surname or family name

Given name and initial(s)

Date of birth Day Month Year Sex  Male  
     Female

Mailing address

Name of village, town or city

Province Postal code Area code Telephone no.  
    -  -

Alternate telephone no. (optional)  -  -

#### OPERATOR 2

2. Surname or family name

Given name and initial(s)

Date of birth Day Month Year Sex  Male  
     Female

Mailing address (if different from that of operator 1)

Province Postal code Area code Telephone no.  
    -  -

#### OPERATOR 3

3. Surname or family name

Given name and initial(s)

Date of birth Day Month Year Sex  Male  
     Female

Mailing address (if different from that of operator 1)

Province Postal code Area code Telephone no.  
    -  -

If there are more than three operators, provide names and addresses in the COMMENTS section on page 16.

2

1502

**STEP 8** Answer the following questions about HAY and FIELD CROPS grown on this operation.

- ◆ Include
  - all hay and field crops to be harvested or used as green manure in 2011, even if they were sown or planted in an earlier year;
  - all land to be seeded, even if not yet seeded.
- ◆ Report the areas **only once**, even if more than one crop will be harvested in 2011.
- ◆ Report vegetables in STEP 9 and fruits, berries and nuts in STEP 11.

	Area in 2011		Area in 2011
22. Wheat		36. Alfalfa and alfalfa mixtures for hay, silage, green feed, dehydrated alfalfa, etc.	
• Spring wheat (Report durum wheat below.)			
• Durum wheat		37. All other tame hay and fodder crops for hay or silage (clover, sorghum, etc.) (Report pasture in STEP 12.)	
• Winter wheat (to be harvested in 2011)			
23. Oats		38. Forage seed to be harvested in 2011 for seed (including turf grass seed) (Report sod in STEP 10.)	
24. Barley			
25. Mixed grains		39. Potatoes	
26. Corn		40. Mustard	
• Corn for grain (Report sweet corn in STEP 9.)		41. Sunflowers (standard and dwarf varieties)	
• Corn for silage, etc.		42. Canary seed	
27. Rye		43. Ginseng	
• Fall rye (to be harvested in 2011)		44. Buckwheat	
• Spring rye		45. Sugar beets	
28. Canola (rapeseed)		46. Caraway seed	
29. Soybeans		47. Triticale	
30. Flaxseed		48. Other field crops (tobacco, hemp, spelt, coriander and other spiroes, etc.) — Specify:	
31. Dry field peas (Report fresh green peas in STEP 9.)			
32. Chick peas (including garbanzo beans)			
33. Lentils			
34. Dry white beans (navy and pea beans)			
35. Other dry beans (pinto, kidney, cranberry beans, lima, etc.)			
Continue to next column			
49. TOTAL area of hay and field crops (Total of questions 22 to 48)			

**STEP 9** Are any VEGETABLES grown on this operation for sale?

- ◆ Report potatoes, dry field peas and field beans in STEP 8.
- ◆ Report greenhouse vegetables in STEP 20.

No → Go to STEP 10

Yes → Report the total area planted or to be planted in 2011.  
Report in the same unit of measure as in STEP 6.

Area in 2011  
Fraction

Example: An operation grows 7 1/3 acres of sweet corn for sale.

This area would be reported as:

	Area in 2011	Fraction		Area in 2011	Fraction
50. Sweet corn			63. Radishes		
51. Tomatoes			64. Shallots and green onions		
52. Cucumbers (all varieties)			65. Dry onions, yellow, Spanish, cooking, etc.		
53. Green peas (Report dry field peas in question 31, or page 5.)			66. Celery		
54. Green and wax beans			67. Lettuce (all head and leaf varieties)		
55. Cabbage (Report Chinese cabbage below.)			68. Spinach		
56. Chinese cabbage			69. Peppers		
57. Cauliflower			70. Pumpkin		
58. Broccoli			Squash and zucchini		
59. Brussels sprouts			72. Asparagus, producing		
60. Carrots (including baby carrots)			73. Asparagus, non-producing		
61. Rutabagas and turnips			74. Other vegetables (herbs, rhubarb, melons, garlic, gourds, etc.) — Specify:		
62. Beets					
Continue to next column					
75. TOTAL area of vegetables (Total of questions 50 to 74)					

**STEP 10** Are any SOD, NURSERY PRODUCTS or CHRISTMAS TREES grown on this operation for sale?

- ◆ Report greenhouse products in STEP 20.

No → Go to STEP 11

Yes → Report the total area under cultivation in 2011.

Area in 2011

76. TOTAL area of SOD under cultivation for sale	
77. TOTAL area of NURSERY products grown for sale (shrubs, trees, vines, ornamentals, bulbs, etc., grown out-of-doors)	
78. TOTAL area of CHRISTMAS TREES grown for sale (Include naturally established or planted areas, regardless of stage of growth, that are pruned or managed with the use of fertilizer or pesticides.)	

**STEP 11** Are any **FRUITS, BERRIES** or **NUTS** grown on this operation for sale?

- No → Go to STEP 12  
 Yes → Report in the same unit of measure as in STEP 6.

Area in 2011 (producing and non-producing)		Area in 2011 (producing and non-producing)	
Fraction		Fraction	
79. Apples .....	<input type="text"/>	88. Raspberries .....	<input type="text"/>
80. Pears .....	<input type="text"/>	89. Cranberries .....	<input type="text"/>
81. Plums and prunes .....	<input type="text"/>	90. Blueberries (highbush blueberries and wild blueberries grown on managed land) .....	<input type="text"/>
82. Cherries (sweet) .....	<input type="text"/>	91. Saskatoons .....	<input type="text"/>
83. Cherries (sour) .....	<input type="text"/>	92. Other fruits, berries or nuts (nectarines, currants, blackberries, hazelnuts, etc.) — Specify: .....	<input type="text"/>
84. Peaches .....	<input type="text"/>		<input type="text"/>
85. Apricots .....	<input type="text"/>		<input type="text"/>
86. Grapes .....	<input type="text"/>		<input type="text"/>
87. Strawberries .....	<input type="text"/>		<input type="text"/>
Continue to next column.			
93. TOTAL area of fruits, berries and nuts (Total of questions 79 to 92) .....	<input type="text"/>		

**STEP 12**

94. Enter the **NET AREA** from question 21 on page 4 .....

Report below how the area in question 94 is used.

	Area in 2011
95. Sum of all areas reported for field crops and hay, vegetables, sod, nursery products, Christmas trees, fruits, berries and nuts (Total of questions 49, 75, 76, 77, 78 and 93) .....	<input type="text"/>
96. Summerfallow (Include chemfallow.) .....	<input type="text"/>
97. Tame or seeded pasture (Do not include areas to be harvested for hay, silage or seed.) .....	<input type="text"/>
98. Natural land for pasture (Include woodland used as pasture.) .....	<input type="text"/>
99. Woodlands and wetlands (woodlots, sugarbush, tree windbreaks, bush, ponds, bogs, marshes, sloughs, etc.) .....	<input type="text"/>
100. All other land (idle land, land on which farm buildings, barnyards, lanes, home gardens, greenhouses and mushroom houses are located) .....	<input type="text"/>
101. TOTAL of questions 95 to 100 (This total should equal the NET AREA reported in question 94.) .....	<input type="text"/>

**STEP 13** If **SUMMERFALLOW** was reported in question 96, what is the area on which each of the following forms of weed control will be used in 2011?

	Area in 2011
102. • Chemfallow only .....	<input type="text"/>
• Summerfallow, tilled only .....	<input type="text"/>
• Chemical and tillage weed control on the same land (Do not include area already reported as "Chemfallow only" or "Summerfallow, tilled only".) .....	<input type="text"/>

**STEP 14** Indicate all **PRACTICES** and **LAND FEATURES** on this operation:  
(Fill in all applicable circles.)

- 103.
- |   |  |
|---|--|
| <input type="checkbox"/> Crop rotation                      | <input type="checkbox"/> Winter cover crops                              |
| <input type="checkbox"/> In-field winter grazing or feeding | <input type="checkbox"/> Nutrient management planning                    |
| <input type="checkbox"/> Rotational grazing                 | <input type="checkbox"/> Windbreaks or shelterbelts (natural or planted) |
| <input type="checkbox"/> Plowing down green crops           | <input type="checkbox"/> Buffer zones around water bodies                |

**STEP 15** For the **LAND SEEDED** or **TO BE SEEDED**, report the area of each of the following practices:

- ◆ Include the area that was prepared last fall or this spring.
  - ◆ Do not include land in summerfallow this year.
- |   | Area                 |
|---|----------------------|
| 104. • No-till seeding or zero-till seeding (Include direct seeding into undisturbed stubble or sod.) ..... | <input type="text"/> |
| • Tillage that retains most of the crop residue on the surface (Include minimum tillage.) .....             | <input type="text"/> |
| • Tillage that incorporates most of the crop residue into the soil .....                                    | <input type="text"/> |

**STEP 16** In 2010, what was the area on which crop residue (straw, stover, stalks) was **BALED** for bedding or sale?

- ◆ Include residue (straw) from small grains and oilseeds, and corn stalks.
  - ◆ Do not include hay, corn silage or other forages.
- |  | Area in 2010         |
|--|----------------------|
| 105. Report the area from which crop residue was baled in 2010 ..... | <input type="text"/> |

**STEP 17** Were **HERBICIDES, INSECTICIDES, FUNGICIDES, COMMERCIAL FERTILIZER** or **LIME** used on this operation in 2010?

- ◆ Do not include greenhouse or mushroom areas.
- No → Go to STEP 18  
 Yes → Report land areas only once for each input, even if there was more than one application in 2010.

106. Report the area of land on which each of the following inputs was used on this operation in 2010:

	Area in 2010	Area in 2010
Herbicides .....	<input type="text"/>	Commercial fertilizer .....
Insecticides .....	<input type="text"/>	Lime .....
Fungicides .....	<input type="text"/>	

FOR INFORMATION ONLY

FOR INFORMATION ONLY

**STEP 18** Was an IRRIGATION system used on this operation to apply water on land in 2010?

- ◆ Do not include
- greenhouse or mushroom areas;
  - the area of land where only manure was applied by irrigation.

- No → Go to STEP 19  
 Yes

107. Report the area of land irrigated for each of the following in 2010:

Area in 2010

Irrigated alfalfa, hay and pasture .....	<input type="text"/>
Irrigated field crops .....	<input type="text"/>
Irrigated vegetables .....	<input type="text"/>
Irrigated fruits .....	<input type="text"/>
Other irrigated areas (nursery, sod, etc.)	
Specify: <input type="text"/>	<input type="text"/>

**STEP 19** Was MANURE used or produced on this operation in 2010?

- No → Go to STEP 20  
 Yes

108. Which of the following apply to the manure used or produced on this operation in 2010?  
 (Fill in all applicable circles.)

- Applied on this operation  
 Applied on land that was rented TO others  
 Sold or given to others  
 Bought or received FROM others  
 Other (composted, processed, dried, stored, etc.)

Specify:

109. For manure applied on this operation in 2010, report the area of land for each method of application.

Area in 2010

Manure spread naturally by grazing livestock .....	<input type="text"/>
Solid or composted manure, incorporated into soil .....	<input type="text"/>
Solid or composted manure, not incorporated .....	<input type="text"/>
Liquid manure, injected or incorporated into soil .....	<input type="text"/>
Liquid manure, not incorporated .....	<input type="text"/>

1509

9

**STEP 20** Are any GREENHOUSE PRODUCTS grown on this operation for sale?

◆ Report sod, nursery products and Christmas trees in STEP 10.

- No → Go to STEP 21  
 Yes

110. Will the area be reported in square feet or square metres?

- square feet OR  square metres

Area in 2011

111. TOTAL area under glass, plastic or other protection used for growing plants  
 (Do not include area used for cold frames.)

Of this total, report the area on May 10, 2011 for each of the following:

112. Flowers (cut flowers, bedding and potted plants, etc.)

113. Greenhouse vegetables

114. Other greenhouse products (cuttings, tree seedlings, etc.)

Specify:

**STEP 21** Are any MUSHROOMS grown on this operation for sale?

- No → Go to STEP 22  
 Yes

115. Will the area be reported in square feet or square metres?

- square feet OR  square metres

Area in 2011

116. TOTAL growing area (standing footage) for mushrooms on May 10, 2011

**STEP 22** Were any MAPLE TREES TAPPED on this operation in 2011?

- No → Go to STEP 23  
 Yes

Number of taps in 2011

117. TOTAL number of taps made on maple trees in the spring of 2011

**STEP 23** Does this operation own any BEES for honey production or BEES for pollination?

- No → Go to STEP 24  
 Yes → Report bees owned, regardless of location.

Number of colonies

118. On May 10, 2011, how many live colonies of honeybees (used for honey production or pollination) are owned by this operation?

119. On May 10, 2011, how many other pollinating bees (leafcutter, blue orchard, bumble, etc.) are owned by this operation?

Select one unit of measure:

- Gallons or  
 Number of bees or  
 Colonies

Number

1510

10

**STEP 24** Are there any **POULTRY** on this operation on May 10, 2011?

- No → Go to STEP 25
- Yes →
  - Report all poultry on this operation, regardless of ownership, including those grown under contract.
  - Include poultry for sale and poultry for personal use.
  - Do not include poultry owned but kept on an operation operated by someone else.

**Number of birds on  
May 10, 2011**

**Chickens for eggs**

120. Pullets intended for laying table eggs, under 19 weeks .....

121. Laying hens that produce table eggs, 19 weeks and over .....

122. Layer and broiler breeders (pullets and hens) .....

**Chickens for meat**

123. Broilers, roasters and Cornish (Report breeders in question 122.) .....

124. **TOTAL** hens and chickens (Total of questions 120 to 123) .....

**Other poultry**

125. Turkeys (all ages) .....

126. Other poultry (geese, ducks, roosters, ostriches, emus, pheasants, quail, pigeons, etc.)  
Specify:

**STEP 25** In 2010, were any **CHICKENS** or **TURKEYS** produced on this operation for sale?

- No → Go to STEP 26
- Yes → Report production on a live weight basis.

**Production in 2010  
(live weight)**

127. Will production be reported in kilograms or pounds?  
 kilograms OR  pounds

128. Broilers, roasters and Cornish .....

129. Turkeys .....

**STEP 26** In 2010, were any **EGGS** produced on this operation for sale?

- No → Go to STEP 27
- Yes → Report the number of dozens in 2010.

**Dozens of eggs in 2010**

130. Table eggs (dozens) .....

131. Hatching eggs (dozens) .....

**STEP 27** Was there a **COMMERCIAL POULTRY HATCHERY** located on this operation in 2010?

- No → Go to STEP 28
- Yes

**Number of birds hatched  
in 2010**

132. In 2010, how many chicks or other poultry were hatched? .....

**STEP 28** Are there any **LIVESTOCK** on this operation on May 10, 2011?

- No → Go to STEP 29
- Yes →
  - Report all animals on this operation, regardless of ownership, including those that are boarded, custom-fed or fed under contract.
  - Include all animals kept by this operation, regardless of ownership, that are pastured on a community pasture, grazing co-op or public land.
  - Do not include animals owned but kept on a farm, ranch or feedlot operated by someone else.

**CATTLE OR CALVES**

133. Are there any cattle or calves on this operation?  
 No → Go to question 140  
 Yes

**Number**

134. Calves, under 1 year .....

135. Steers, 1 year and over ...

136. Heifers, 1 year and over:  
• for slaughter or feeding

• for beef herd replacement

• for dairy herd replacement

137. Cows:  
• mainly for beef purposes

• mainly for dairy purposes

138. Bulls, 1 year and over ....

139. **TOTAL** cattle and calves (Total of questions 134 to 138) ...

**SHEEP OR LAMBS**

140. Are there any sheep or lambs on this operation?  
 No → Go to question 145  
 Yes

**Number**

141. Rams .....

142. Ewes .....

143. Lambs .....

144. **TOTAL** sheep and lambs (Total of questions 141 to 143) ...

Continue to next column →

**PIGS**

145. Are there any pigs on this operation?  
 No → Go to question 152  
 Yes

**Number**

146. Boars .....

147. Sows and gilts for breeding .....

148. Nursing pigs .....

149. Weaner pigs .....

150. Grower and finishing pigs ...

151. **TOTAL** pigs (Total of questions 146 to 150) ...

**OTHER LIVESTOCK**

152. Are there any other livestock on this operation?  
 No → Go to STEP 29  
 Yes → Report animals of all ages unless otherwise specified.

**Number**

153. Horses and ponies .....

154. Goats .....

155. Llamas and alpacas .....

156. Rabbits .....

157. Bison (buffalo) .....

158. Elk .....

159. Deer (Do not include wild deer.) .....

160. Wild boars .....

161. Mink (Report breeding stock only.) .....

162. Other livestock (fox, donkeys, mules, chinchillas, etc.)  
Specify:

FOR INFORMATION ONLY
