

## Application to Become a Recreational Fish Culturist

Thank you for applying to become a recreational fish culturist. Note that you have the option of paying \$10.00 for a licence that will expire on March 31, 2013 **OR** \$50.00 for a licence which will expire on March 31, 2017. In addition to the licence fee, an application fee of \$42.00 will be charged for inspection or office assessment services.

Following are a few items to help you in completing this form:

- More than one water body may be covered under a licence if they are within 640 contiguous acres (1 square mile).
- Be advised that using water for the culture of fish may require a licence under the **Water Act**. For more information contact Alberta Environment, Water Approvals at one of the following locations:

Peace River (780) 624-6167    Edmonton (780) 427-5296    Spruce Grove (780) 960-8600  
Red Deer (403) 340-7052    Calgary (403) 297-6582    Lethbridge (403) 382-4254

- If you do not completely own the land surrounding the water body you intend to stock, you must obtain permission from all other owners and have them sign in the area provided on page 2. Licences will not be issued for water bodies located on public land.
- New water bodies must be approved by an on-site inspection before a licence will be issued. If barriers are required to prevent fish escapement, ensure they are in place before submitting an application.
- A recreational fish culturist cannot sell fish or charge for fishing opportunities.
- Note that a receipt for payment is not a licence. The licence will be mailed to you when your pond passes inspection.

Should you require further assistance, please call the Licensing Office in Edmonton toll free by dialing 310-0000, then (780) 427-5083.
