PURPOSE AND INTENT

Seeding of County roadsides - old and new construction.

POLICY STATEMENT

Parkland County Agricultural Services Department will administer the seeding of all County roadsides.

GUIDELINES AND PROCEDURES

1. Transportation and Utilities shall supply the Agricultural Services Department with a map of all roads and other areas that are to be seeded.
2. All grass seed will be provided by the Agricultural Services Department. Various types of seed will be used depending upon soil types and conditions, topography, and environmental factors.
3. Seeding will be carried out in the early spring or late fall depending upon the suitability and conditions of germination.
4. Seed will be placed according to the most suitable method (hydro-seeding, broadcasting, etc.).
5. Areas to be seeded other than roadsides will be carried out in co-operation with the concerned landowner/lessee, Transportation and Utilities, as well as Agricultural Services.
6. Grass seed will be provided at no charge to landowners who wish to extend and maintain the area from their property line to the shoulder of the road.
