PURPOSE

Recognizing that Red Deer County is located within a high traffic region for livestock transport, the County will provide the services and equipment for a livestock response unit.

GUIDELINES/SCOPE

1. Red Deer County owns, operates and maintains a Livestock Response Unit.
2. The decision as to whether the unit is required at a Motor Vehicle Collision will be determined by the RCMP.
3. The decision as to whether the unit is required at all other non-traffic events will be determined by Red Deer County Administration.
4. The Livestock Response Unit will respond to incidents in Red Deer County, the urban municipalities within Red Deer County and the following neighboring counties: Mountain View, Clearwater, Stettler, Kneehill and Lacombe. Any requests for use of the unit by the RCMP outside of this response area will be directed to Red Deer County Administration.
