I \_\_\_\_\_, agree to control all noxious and restricted weeds in the ditch(es) of the road allowance specified below. I understand that the municipality will not spray the area(s) listed below. I further understand that should I not control the weeds to the satisfaction of the weed inspector or the Agricultural Fieldman, that the weeds will be controlled by the municipality by whatever means it feels is appropriate.

I further agree to post and maintain the supplied signs at each end of the ditch(es) listed below. I understand that if the signs are not visibly posted then the municipality will assume that I no longer wish the ditch(es) not to be sprayed.

This agreement is valid for one weed control season and may be suspended by the Municipality or the landowner at any time with adequate notification either by telephone, in person or in writing.
