Subject: EQUIPMENT RENTAL	Control Code: 11.01

Policy Statement

The Agricultural Service Board may supply specialized equipment for use by ratepayers at a daily rental charge and a damage deposit both to be determined by the Agricultural Service Board.

Purpose

This will ensure agricultural producers have access to equipment that they require but that is used too infrequently to justify purchase by individual producers.

Policy:

1. Camrose County will supply rental equipment solely for ratepayers of Camrose County.
2. Rental rates will be charged as outlined in the County Fee for Service By-law.
3. Renters will assume all risks associated to renting the Agricultural Service Board's equipment.
4. A "Rental Agreement" must be completed, signed and if applicable a deposit paid at the time of equipment pick-up.
5. 4-H Clubs and Junior Achievement Clubs within Camrose County may utilize equipment free of charge.
6. New equipment will be included in the five-year plan and budgeted for on a yearly basis.
7. The annual budget will include funds for maintenance and operation of the equipment.
8. Equipment will be assessed with recommendations made to Council for replacement or deletion on an as needed basis.
