

**Policy Name**

Public Education (Extension)

**Policy Number**

AG-12

**Policy Statement**

The Agricultural Service Board will co-operate with Alberta Agriculture and Rural Development in providing extension information pertaining to agriculture on an individual farmer basis and in initiating, preparing and presenting public agricultural information meetings of mutual concern.

**Policy**

The purpose of these extension programs is to promote sound agricultural practices and to enhance the quality of life within Brazeau County.

The Agricultural Service Board members will act as a liaison between the Agricultural Fieldman and the farming community.

The members' role shall be to advise and guide extension staff in the direction that they feel Agriculture in Brazeau County should be taking. This commitment does not preclude the A.S.B. from undertaking extension programs independent of Alberta Agriculture and Rural Development.

Meetings will be held through the year on items of concern in locations as determined by the Agricultural Fieldman and the Agricultural Service Board.

This may include workshops, seminars, tours and/or newsletters or news articles.
