

Pure Canadian Honey and Honeycomb

Beekeeping has been in the family for generations, in fact all the way back to 1936 when family members moved to Falher. While our ambition was modest – to bring pure, all-natural honey to our family's table – it only took a taste for us to know it deserved to be shared.

The meticulous methods we use to create our pure, all-natural honey are what distinguishes Wolfe's from the swarm. To make honey that soothes the soul and energizes the body, we rely on the skill and dedication of our hardworking, family-run team and time-honoured processes.

Nature's liquid fruit. At Wolfe's, it's been our passion for over 75 years and we're honoured to share it with you. So get your buzz on! Treat yourself to a taste of Wolfe's Honey today, and celebrate the sweet life.

We are the only packer in Canada of Pure Honeycomb rounds. Packing: 28g to 1kg bottles and able to pack 2.5kg pails to 7kg pails. Available for co-packing, private label and our brand.
