SunGold Specialty Meats Ltd., a subsidiary of the newly merged entity, North American Lamb Company Ltd. (NALC), is designed to form a truly Canadian integrated lamb supply chain to provide premium lamb products to domestic and international markets with year-round consistent supply and specification.

Operating since 1974, SunGold Specialty Meats Ltd. is the largest federally-approved processor of lamb in Canada. Registered as Est.136 by CFIA, SunGold exports to a variety of international markets. SunGold operates with Halal Certification since 2006.

SunGold Premium Lamb is produced in a large variety of cuts, trims and ground with value added LambTonight options that appeal to both the retail and food service sectors and further processors. The company also offers a full line of offal products.

SunGold lamb is grain-finished for a minimum of 45 days. It has a slightly milder taste and a higher meat to bone ratio which provides exceptional value for either the retail or food service customer.
