

Barbecue Sauces and Seasoning/Rubs

Cattle Boyz Foods has received more than 35 award for our gourmet barbecue sauces and seasoning/rubs. Our success for the last 19 years lies in our passion for gourmet food. Our barbecue sauces and seasonings will add a kick of flavor to any dish!

In Canada, have had a strong presence in mass merchandizers and wholesale club, and national/regional/boutique grocery stores. Since October 2014, our barbecue sauces have been sold in close to 1,200 US grocery stores. Our Original Barbecue Sauce is now in Costco Japan.

Cattle Boyz takes pride in producing an “artisanal” authentic healthy barbecue sauce that comes in unique (reusable) packaging, and has versatile uses. Our products are gluten-free, MSG-free, no allergens, no high fructose corn syrup, no fat and have no liquid smoke. Our brand can be likened to a microbrewery that focuses on high-end products. Plus, Cattle Boyz is more nimble and agile than the larger companies, which is a huge advantage.

All our barbecue sauces and seasoning/rubs are produced in federally-inspected co-packing facilities. We also service custom label and private label clients.
