

Sustainable & High Quality Couverture Chocolate Products

Based in Calgary, Alberta, Canada, Cococo Chocolatiers are expert manufacturers and retailers of award-winning chocolates. Cococo puts its unique culinary expertise to work developing and manufacturing select wholesale, private label, and house brands. Cococo uses only chocolate made with Rainforest Alliance Certified™ cocoa and cocoa butter to produce a sustainable chocolate future – one that benefits the farmers, communities, and ecosystems involved with cocoa production in West Africa. This is quality couverture chocolate, which means it has a higher cocoa butter content, superior chocolate flavour, and a smoother creamier texture than other chocolate.

Good Clean Fun is a unique lineup of eight delicious, right-sized bars for a guilt-free treat. The happy branded packaging opens to reveal a 23 gram beautiful custom mold shape. Each bar is under 130 calories, flavoured with natural fruit crystals, with a short list of all-natural ingredients.

Cococo's Couverture Baking & Snacking Line is deliciously smooth and satisfying, made with a short list of ingredients that customers understand. This is quality couverture chocolate for everyday baking and snacking; customers will love to bake, chop, melt, and create with these products, but will also enjoy them out of hand as a quick chocolate fix to satisfy cravings. Shown above are our Morsels in five varieties, Natural Cocoa Powder, Extra Dark Wafers and Chocolate Shavings.
