

Sustainable & Couverture Chocolate Confections

Based in Calgary, Alberta, Canada, Cococo Chocolatiers are expert manufacturers and retailers of award-winning chocolates. Cococo puts its unique culinary expertise to work developing and manufacturing select wholesale, private label, and house brands.

Cococo uses only chocolate made with Rainforest Alliance Certified TM cocoa and cocoa butter to produce a sustainable chocolate future—one that benefits the farmers, communities, and ecosystems involved in cocoa production in West Africa.

Our chocolate is couverture, which means it has a higher cocoa butter content resulting in a superior chocolate flavor and a smoother, creamier texture than other chocolate.

We welcome your inquiries to discuss chocolate-focused products, such as:

- Molded chocolate products such as snack bars and baking bars
- Enrobed products such as pretzels and biscuits
- Panned products such as coffee beans and nuts
- Artisanal quality loose chocolates like our award-winning sea salt caramels; or our fusion bonbons—such as Apricot Lavender or Mango Peppercorn—for gift giving and boxed chocolate collections.
