

Custom Soups, Sauces, Dips and Fillings

Kitchen Partners Limited is a Canadian-owned company based in Edmonton, Alberta. We are a customer food processor focussed on food service multi-unit customers and Home Meal replacement segment at retail. Our HACCP accredited facility, is federally inspected meat and seafood with USDA eligibility, specializing in frozen stirred food – soups, sauces, dips, fillings and dressings.

Kitchen Partners produces only custom proprietary products (private label and co-packing). We start by understanding the challenges our customers are facing in their business. Challenges like – how to control rising food costs; the ability to consistently deliver the same product day-to-day and place to place; the lack of available in-house expertise and the challenge of innovation and creating the next new “wow” item.

Our run sizes start at 10,000 lbs. with capacity to over 5 million lbs. Our products are packed in pouches ranging from 1 lb to 8lbs and in cases ranging from 6 lbs to 24 lbs.

Let our passionate and dedicated professionals work with your team to create and deliver something truly amazing. We are the kitchen behind your kitchen. We will work tirelessly to be your most trusted partner.
