

Pure Raw Canadian Honey

At the Greidanus Honey Mill we produce our unprocessed honey to be as pure as nature intended. Without blending or pasteurizing our honey, we have maintained all the naturally occurring nutrients to ensure you are receiving nature's healthiest sweetener. We collect all our honey in hives located in the clover-rich prairies of Southern Alberta, known to produce some of the world's finest honey.

We are a CFIA registered and inspected farm. We are True Source Certified, which means all our honey is ethically and transparently sourced.

Our honey is packed in new food grade drums.

Our family farm is a second generation farm that has been operating since 1973.
