

100% Pure Natural Canadian Honey

Bee Maid Honey is a 100 per cent pure Canadian tradition, delivering only the highest quality honey to consumers since the early 1950's.

What makes our highly recognizable brand truly unique is that there are two cooperatives behind it – the Alberta Honey Producers Cooperative and the Manitoba Cooperative Honey Producers. A small group of Western Canadian beekeepers in the provinces of Alberta, Manitoba, and Saskatchewan that shared a vision to sell their quality Canadian honey around the world, combined their resources and expertise to create Bee Maid Honey Limited. Recognized worldwide for our premium quality and exquisite flavour, Bee Maid Honey Limited exports to more than 25 countries.

The honey's delicate flavour is the result of the natural variances of flowering crops and meadows in Western Canada. Our creamed honey is produced by adding crystallized honey to liquefied raw honey and mixing it until the honey has a smooth, creamed texture.

Bee Maid honey offers a wide variety of shapes and sizes of PETE bottles using our in-house blow moulding facility. Our food safety program is always top-of-mind: packing plants are HACCP recognized and we are the first Canadian honey packer to achieve the Safe Quality Food designation. All our products are kosher certified. In addition, Bee Maid Honey is True Source Certified™, which means all our honey is ethically and transparently sourced. The ownership structure has also allowed Bee Maid Honey to implement measures that provide traceability from hive to bottle.
