

Fresh Creamer Potatoes

The Little Potato Company is focused solely on the breeding, growing, packaging and promotion of proprietary little Creamer potatoes. It's all we do! All our varieties have outstanding flavour, buttery texture and are loaded with nutrition. Although little, our Creamers are only harvested when they are fully-matured. You can taste the difference!

Our extensive fresh Creamer potatoes are available in both convenient value-added kits and bags. Our 1.5 and 3 lbs gusset bags come with a convenient carry handle and are available in cases of 16, and 24 respectively.

Our Microwave Ready and Oven|Grill Ready products come in eye-catching and convenient pre-packaged steam/roasting tray with seasoning pack and are available in many flavours, available in 8 per case.

Our full line of proprietary varieties includes Baby Boomer, Blushing Belle, Terrific Trios, Dynamic Duos, Something Blue, Miss Blush, and Fingerlings.

We also have a food service offering in 25 lb boxes which includes yellows, reds, mixed yellows and reds, as well as our popular fingerlings.

We currently pack in Edmonton and Prince Edward Island, Canada, as well as in DeForest, Wisconsin, our new plant in the United States.
