INTRODUCTION

Welcome to the first business directory in Alberta geared specifically towards those companies operating in the functional foods and natural health products sector! This directory aims to highlight those companies that use bioactive ingredients as part of their products or processes, and those companies that provide services to this sector.

This directory offers an exciting outlook for functional foods and natural health products companies in the province of Alberta, and presents a diversity of companies who make use of renewable biological materials, from start-up to established business! Since this directory is in its first iteration, it is somewhat incomplete – the authors are aware of many other related businesses that were not able to participate in this first round of data compilation. It is the authors’ hope and expectation that as the directory becomes a better-known tool, additional companies will contact BioAlberta for their chance to be included!

HOW TO USE THIS DIRECTORY

The directory presents each of the participating companies in alphabetical order in the “Company Directory” section. The participating companies provided their contact information and a description of their services, which are included in their company description. They also self-selected from a list of categorizations and sub-categorizations, based on self-selected company categorizations, as well as the active ingredients in their products. Companies are listed by category and sub category in the “Categorical Index” section.

Users of the directory can find companies of interest based on their ingredients or company category from the “Categorical Index” section, and then refer to further information about each company in the “Company Directory” section. The user could also search an electronic version of this directory for keywords of interest.

ACKNOWLEDGEMENTS

This project was made possible with financial support from Alberta Innovates (Bio Solutions), and with project support from Alberta Agriculture and Forestry development officers. The project was directed by BioAlberta staff, and the directory was compiled by Viresco Solutions Inc. The entire project team is very grateful to all the companies who responded to the requests for information and provided the content herein.

FUTURE VERSIONS

For more information about this directory, to update information about your company, or to have your company listed in the directory, please contact BioAlberta.

Brand Names: Rocky Mountain Soap Co

Product Claim or Attributes: 100% natural, toxin-free

SinoVeda Canada Inc.

Address: Suite 100 BBDC 2011-94 Street Edmonton AB T6N 1H1 **Website:** www.sinoveda.com

Phone: 780-466-0086 **Phone 2:** 780-435-2912 **Email:** ytam@sinoveda.com

President/Owner/CEO: Yun K. Tam

Locations: Edmonton **Number of Employees:** 8

Company Description: Using a patented platform technology to identify active ingredients in botanicals, we have bridged the quality gap between botanicals and pharmaceuticals. The signature of our products is the defined quantities of active ingredients, which provides batch to batch consistency, safety and efficacy. We have developed a line of market ready consumer health products. We also have two Rx candidates: SCI-RC-1341 for treating postmenopausal symptoms and AMAREX for treating artemisinin resistant malaria (*P. falciparum*), a global health issue affecting hundreds of millions of people each year. Our innovations have encouraged agricultural research and production of medicinal plants. We are open to share our technology for product development.

Brand Names: EffectiCal, Proflexa and Eczema Rescue

Product Claim or Attributes: EffectiCal for bone health; Proflexa for arthritic pain and inflammation; and Eczema Rescue for mild to moderate eczema and psoriasis.

Symbiotic EnviroTek Inc.

Address: 8210 - 11500 35 Street SE Calgary AB T2Z 3W4 **Website:** www.symenv.com

Phone: 403-453-0233 **Phone 2:** 403-870-6836 **Email:** adeane@symenv.com

President/Owner/CEO: Art Deane **Year Founded:** 2008

Locations: Calgary **Number of Employees:** 3

Company Description: Symbiotic EnviroTek Inc. is a privately held Calgary, Alberta based corporation founded in 2008, that has developed and patented a modular Algae Cultivation System (ACS) that utilize liability waste streams (wastewater, exhausted heat and CO₂), discharged from municipal, industrial and agriculture to grow algae, in the course, creating a viable means for ecologically cleaning wastewater and for producing biomass/feedstock for use in the production of valuable bio products. The ACS provides an effective self-sustaining and economically viable solution for addressing critical global challenges, in areas of water preservation and development of alternative sources of nutritional human foods, animal feed, bio-products and renewable energy.

Product Claim or Attributes: Spray dried *Chlorella vulgaris* amino acid analysis: (% OF TOTAL AA) Alanine (19.4); Arginin (35.2); Aspartic Acid (9.0); Cysteine (3.9); Glycine (0.1); Histidine (0.6); L-Glutamine (4.9); L-Isoleucine (1.2); L-Leucine (4.6); L-Valine (0.2); Lysine (2.2); Methionine.

Three Feather Naturals

Address: 52355 RR 212 Sherwood Park AB T8G 1A8 **Website:** threefeather.com

Phone: 780-966-0599 **Email:** sales@teamperfect.ca

President/Owner/CEO: Rick Purdy **Year Founded:** 2006

Locations: Sherwood Park Alberta

Company Description: Three Feather Farms developed a Seed to Bottle program, starting with growing the highest quality root from the best seeds, focusing on the actives for harvesting and processing at University of Alberta to extraction.

Brand Names: Three Feather Naturals/TFF TFN Echinacea and Rhodiola Paladin Equine/

Product Claim or Attributes: We base all our representations on Scientific papers readily available online. We focus on Alkylamides in Angustifolia root for the tingle to show efficacy.

TLG Canada Corp.

Address: 3719 - 98 Street NW Edmonton AB T6E 5N2 **Website:** www.tlgcanada.com

Phone: 780-485-9709 **Email:** tobaccolandcanada@gmail.com

President/Owner/CEO: Shelly MacMillan **Year Founded:** 2009

Social Media: Twitter: @tlgcanadacorp

Locations: Edmonton **Number of Employees:** 2

Company Description: We sell vaporizers and other products that serve as a tobacco substitute.

Brand Names: REV, Smok, Ichill, Eleaf

Product Claim or Attributes: Tobacco alternatives

CATEGORICAL INDEX

The following lists index companies by categories and sub-categories of feedstocks, processes, and products, as self-selected by company representatives. Some effort has been made to ensure accuracy of categorizations, although the authors do not guarantee the accuracy of these categorizations.
